D MEN SHOT AS MOB RAIDS JAIL

o Boy Was Sought For Criminal Assault.

INVITED TO SEARCH JAIL

ile Seach Was In Progress Firing gan—Roy Hoyle Was Fatally hot and Alderman Lyons Slightly Wounded.

Mobile, Ala., Oct. 3.—Roy Hoyle, special officer of the Mobile and hio railroad, and one of the most idely known and best liked men in his vicinity, was fatally shot, and Alderman Sidney Lyons, chairman of he city council of Mobile, was slightly wounded in the hand Tuesday night during a fight at the county jail between deputy sheriffs and a crowd of men, determined to capture Dick Robinson, a young negro. The mob is still hunting the negro, and will lynch him if possible.

The negro, who is only 17 years of age, and who said to be wearing his first pair of long trousers, Tuesday attacked Ruth, the 12-year-old daughter of Blount Sossaman, who lives about three miles from here. The girl was passing a secluded spot not far from her home when she was attacked. Later she was found lying unconscious by the roadside, and was taken to her home. Detectives were placed on the track of the negro, and within three hours he was captured.

When found he had substituted his short pants for the trousers he had had on earlier in the day. He was taken before the Sossaman girl, who at once identified him. Deputy Sheriff Fatch, knowing that the life of the negro would be taken by a mob if he brought him into the city, caused him to be conveyed to a station several miles up the Mobile and Ohio railroad. He was not taken to the jail at all and was at least 8 miles from the city when the mob determined to have him approached the building.

There have been several assaults upon white women within the last few weeks, and the news of this latest outrage caused intense wrath and excitement.

As early as 6 o'clock in the evening crowds of men commenced to gather in the downtown streets and by 6:30 500 men had formed at the intersection of Royal and Dauphin streets. The crowd was harranged by several speakers, who urged them to take the life of the negro if he could be found, and in a short time the entire crowd was on the march for the jail.

Sheriff Powers met the leaders of the mob and informed them that the man they were seeking was not in the jail and had never been brought there. He offered to let anybody whom he personally knew pass through the corridors and some of them returned and assured the members of the mob that the man was not there.

While several men, including Hoyle and Lyons, were still in the jail a portion of the crowd, led by a tall, raw-boned man, whose name is not known, seized a telephone pole, which had been blown down in the recent storm, and dashed it against the closed part of a double door, one-half of which was open. The door fell with a crash and almost instantly a shot came from a revolver in the hands of a man standing in the gate.

At once the members of the mob commenced a fusilade and about a dozen revolver shots were fired, and then came several shots from a rifle held in the hands of a man who leveled it above his head and worked it vigorously while holding it in that position. Not more than a dozen men took part in the firing, and as the shots rang out there was a stampede on the part of the crowd for shelter.

The mob was widely scattered, and in a few seconds Alderman Lyons who had been on the inside of the jail, came out, and holding up his hand, from which the blood was streaming, announced that he had been shot, and that Roy Hoyle had received a bullet in the left lung. The shots were load balls for a shotgun, and one who was in the crowd hastened to the jail, and coming out inside of a few minutes, informed the crowd that Hoyle could live but a very short time.

Hoyle has been exceptionally popular, and the fact that he had been shot while looking through the jail in order to ascertain if the negro was there took all the fight out of the mob, and for the most part it dispersed quietly.

The big man who had led the gang with the telephone pole, however, was anxious for further vengeance on the negroes, and passionately urged the crowd to follow him to the negro section of the city. He stalked away, followed by a few men, who deserted him before he had gone three squares.

Negro in Birmingham Jail.

Birmingham, Ala., Oct. 4.—Two deputy sheriffs from Mobile reached Birmingham early Wednesday, having in charge Cornelius Robinson, the young negro who is alleged to have assaulted a 12-year-old white girl near that city Tuesday afternoon and because of which crime a mob attempted to storm the Mobile jail Tuesday night, two men being shot. Robinson was placed in the Jefferson county jail for safe keeping. He denies his guilt, but was identified by his victim. The officers say that after the arrest and identification of Robinson, he was rushed to the Mobile jail, but kept there only long enough to secure a team, when he was driven to Carey's Station, on the Southern railway a few miles out, where a train to Birmingham was caught at 6:30 o'clock Tuesday evening. Robinson was not in the Mobile jail when the mob gathered.

Purchase $11,000 Worth of Stamps.

New York, Oct. 4.—The American states that State Superintendent of Insurance Kelsey learned Tuesday of a purchase by the Mutual Life Insurance company last week of $11,000 worth of 2-cent stamps. They were not secured direct from the postoffice by the company, but the deal was put through a stationer. The latter got the stamps at the postoffice and sent the check he got from the Mutual to Postmaster Wilcox. Superintendent Kelsey will call on the Mutual to explain for what purpose these are to be used. The superintendent is advised that if the company is to use these stamps to send out campaign literature furthering the interest of the administration ticket, the policyholders' money is being used in a wrong manner.

Intended to Smuggle Diamonds.

New York, Oct. 4.—It was reported among customs officials Tuesday that a New York diamond dealer who arrived a few days ago in Montreal intended to smuggle across the border diamonds to the value of $150,000. On request of E. W. Twohey, United States commissioner in Montreal, three secret service men were sent there from New York. It is said they have been watching the suspected man. The story states that the diamonds were cut and polished in Amsterdam, and that an English broker took them to London, where he handed them over to the New York dealer. The latter on reaching Montreal learned that the secret service men were watching him and changed his plans. The jewels are said to be in Montreal.

Nine Bodies Floated Ashore.

New York, Oct. 4.—A special to the Times from St. Petersburg says that nine corpses with sacks over their heads and bullet holes in their breasts have floated ashore near the palace of Peterhoff. They are presumably sailors executed at Cronstadt.

Woman Dies of Injuries.

Chattanooga, Oct. 4.—Mrs. Fannie Cagle, one of the most seriously injured by the derailment of an Oak street car Tuesday night, died Wednesday morning of her hurts. There were over 100 passengers on the car, about 40 of whom were injured.

Several Sailors Drowned.

Havre, Oct. 4.—As a result of the storm in the channel, a French three-masted vessel and a number of fishing boats have been wrecked and several sailors lost.

STORM SIGNALS FALL ALONG GULF COAST

Second Hurricane Predicted Did Not Materialize.

DAMAGE ESTIMATES TOO LARGE

Negroes Refuse to Work, Though Railroads and Others Are Begging Them—Sheriff Powers Threatens to Arrest All Who Will Not Work.

Mobile, Ala., Oct. 4.—Storm signals have been ordered down along the north coast of the gulf.

Sheriff Powers, who has just returned from the west coast of Mobile bay, says conditions are much improved. Negroes are refusing to work, though railroads and others are begging them. Sheriff Powers has threatened to arrest all who will not work at their own homes or for others.

The sheriff insists that the women and children be taken from the devastated points and brought to Mobile, where they can receive proper care, else many deaths will result from privations.

With telegraph wires working in sufficient number to carry on all business, with all railroads in operation except the New Orleans division of the Louisville and Nashville, business conditions are now almost normal. Cotton brokers Tuesday received their first direct quotations since the storm. Dealers in perishable goods supplied their first orders, and the fish and oyster traffic, which has been dead for a week, commenced to show signs of life once more, and trade generally is all that anybody could expect. Telephone service is restored and street cars are running on all lines. The interurban roads are still out of commission, and are not likely to be in operation for some time. The Louisville and Nashville brought in three passenger trains from the north, and late Tuesday sent out a number of freight trains.

Conditions down the bay and along the coast are rapidly improving, and many sections are reporting now that their first estimates of damage were too large. In this city, for example, two days after the storm prominent insurance men were positive in their assertions that the loss would amount to between $4,000,000 and $5,000,000; the same men now place the figure at $1,000,000. Proportional reductions are made in reports from other places visited by the gale. The total loss of lives has not been more than 100, but it is not possible even yet to give a correct aggregate.

Mobile breathed much easier when it was ascertained that the storm which caused so much anxiety would not arrive.

Governor Jelks Goes to Mobile.

Montgomery, Ala., Oct. 4.—Governor Jelks has gone to Mobile to look into the flood situation. There is some talk of his calling an extra session of the legislature to appropriate money for the sufferers, but this will hardly be the case, it is thought, at the capital.

Alabama Town Destroyed.

Pensacola, Fla., Oct. 4.—With the exception of the report of the loss of two entire families there were no new developments in the situation here Tuesday night. Charles Mann, who had his fish business at Caswell, Ala., swept away, reached the city and reported that Shell Banks, Ala., a town on Perdido bay, in Baldwin county, had been swept from the earth and that he learned before leaving that two families had been lost. The place is a colony of northern people. He also reported that many of the small fishing hamlets along the shores of Perdido bay had been swept away, but he had heard nothing of any casualties further than those reported.

Rear Admiral Sapo, who has been at the navy yard for the last two days inspecting the wreck of the plant, left there and came to the city. He found the yard in a very bad condition, the loss being about $1,000,000. The magnificent mess which has for walks in the yard have been destroyed, being torn up by the roots.

United States Senator Mallory inspected Santa Rosa Island, across the bay from the city, and found reports true that two channels had been cut through the island from the gulf to the bay. Both are about 3 feet in depth and nearly a quarter of a mile wide. They are separated by a stretch of 2 miles, and both are between the sites of the life-saving station and quarantine station. The government will have to build jetties there to prevent further washing. The island has always protected Pensacola from the gulf in severe blows, and it is predicted that had it not been for the places the city would have been destroyed on this occasion. It is, therefore, very necessary that jetties be built and the constant washing of the sand stopped.

Montgomery, Ala., Tuesday tendered $500 to the storm-sufferers, it being the first direct offer of assistance. The mayor and the relief committee declined the offer, stating that Pensacola was equal to the emergency. The mayor also forwarded a telegram to Governor Broward thanking him for his offer to issue a proclamation calling for outside aid.

Cotton Damaged 25 Per Cent.

Nashville, Tenn., Oct. 4.—For eight days rain has been falling throughout the Mississippi valley and reports coming in from isolated districts confirm earlier statements of heavy damage to cotton and corn have been confirmed. John W. Eldridge, of Hillhouse, Miss., and Walter Clark, of Clarksdale, Miss., president of the Mississippi division of the Cotton Growers' association, estimate the damage to the cotton crop in Mississippi at 25 per cent. Mr. Clark says: "The cotton is not only rotting on the ground, but on the stalk. On Sept. 25 I estimated the Mississippi yield at 1,650,000 bales. Now, there is no man able to say what the crop will be, owing to the widespread damage."

Will Present Protest.

Victoria, B. C., Oct. 4.—In consequence of interference with their business in Behring Sea by Japanese vessels, a large fleet of which were in the sea this summer, hunting within the prescribed limits and using fire arms, the British Columbia sealers are to present a protest to the imperial government. The British Columbia sealers are bound by the terms of the modus vivendi to remain outside a 60-mile zone and use spears only to take seals. The sealers claim the use of fire arms by the Japanese makes the seals so restless that it is only with great difficulty that they can be taken with spears.

Advise New Recruits to Desert.

Rouen, Oct. 4.—A large number of posters were placarded on the walls here during the night, signed by the Anti-Military association, summoning the new recruits to desert from the army if they believed they were "unable to endure the insults, punishments and vexations of barrack life," and concluding with an invitation to the women of Rouen to form an "international society of mothers to resist the despots of the government, which is still thirsting for human blood." The police tore down the proclamations shortly after daylight.

Gave Children $1,000,000 Each.

Chicago, Oct. 4.—A dispatch to the Inter-Ocean from Milwaukee says that Captain Frederick Pabst gave each of his children $1,000,000 prior to his death because he wanted to be relieved of his business cares to a certain extent and because he wanted to see what they would do with it, and how they would bear the responsibility, was the testimony of Henry Fink, collector of internal revenue before Judge Carpenter in the county court Tuesday. The proceedings were instituted to determine the amount of inheritance tax due the state.

Will Tour United States.

New York, Oct. 4.—M. Leoncalvo, composer of "I Pagliacci," "I Medici" and other operas, and considered one of the greatest living writers of musical scores, arrived Tuesday on the Kaiser Welhelm der Grosse. The Maestro, as he is known wherever Italian opera is heard, is to make a tour of the United States and Canada at the head of a Milan company.

CUBAN REBELS REFUSE TO DISARM

2,000 Insurgents Will Not La Down Arms.

SITUATION GROWING SERIOU

Revolutionists Continue to Congrega In Santiago—They Promise to Di arm If Ordered by General Castill Review of Insurgents.

Santiago, Cuba, Oct. 4.—It is reported that 2,000 rebels in the vicinit of Guantanamo have refused to di arm. The situation here is still serious. The revolutionists continue t concentrate in Santiago. They promise to disarm if General Castillo orders them to do so. The general is expected at any time. There was a spectacular review of the insurgent Tuesday. Good order prevails here.

Disarming of Rebels Begins.

Havana, Oct. 4.—The disarming of the rebels in the immediate vicinit of Havana began Wednesday without opposition. Many of the men were allowed to keep arms which they claimed were their personal property. Several trains during the day will convey the disbanded troops homeward. No trouble is reported to have occurred in any parts of the island. Preparations are being made at the palace for the reception of Governor Taft, who will establish his office there.

Winthrop Will Govern Cuba.

Washington, Oct. 4.—After a talk at the White House with Governor Magoon Wednesday, the president reconsidered the plan he had formed of sending the judge to Cuba as civil governor, and decided that in view of the fact that Secretary Taft had already taken up the subject with Beekman Winthrop, the present governor of Porto Rico, he would not interfere with the program. Consequently Mr. Winthrop will be provisional governor of Cuba, and Judge Magoon, after a short vacation to this country, will as originally planned, go to the Philippines as vice governor and member of the Philippine commission.

Dowie Abandons Trip to Mexico.

Chicago, Oct. 4.—A few hours before the time of his intended departure for Mexico, John Alexander Dowie Tuesday decided to remain in Zion City indefinitely. The sudden change of plans caused great surprise in Zion City, where it has been commonly reported that Dowie was going away to make a final effort to regain his health. John A. Lewis, one of Dowie's closest friends, who was to have accompanied him on the Mexican journey, announced for Dowie that the "first apostle's" health had taken a sudden change and that Dowie was much better physically than he has been in several weeks.

Custom House Cashier Attacked.

St. Petersburg, Oct. 4.—A bold attack made by a number of revolutionists Wednesday afternoon on the cashier of the branch custom house here was frustrated by the quick action of the police, who captured several of the attacking party after a fusillade during which one man is reported to have been killed. The firing occurred at the bourse end of the palace bridge, one of the most frequented thoroughfares in the city. The affair caused great excitement among the operators on the bourse and the general public.

Bullard Doomed to Gallows.

Marietta, Ga., Oct. 4.—The jury in the case of John G. Bullard for murdering his daughter to death at Powder Springs, Tuesday afternoon returned a verdict of guilty. Judge Gober sentenced Bullard to hang on Oct. 26. Bullard shot his daughter about three weeks ago. Bullard was a prosperous and his young daughter was one of those. There were no witnesses to the tragedy. Immediately after committing the act Bullard went to his home and told his wife he had shot their daughter. Bullard claims that he was insane when he committed the deed.

EAS CORPUS WILL ARGUED AT STARKE

s Will be Made for Release of William M. Thomas.

BE ARGUED TODAY

as, With His Attorneys, Will Go to rke This Morning, Where Argu nt and Revision of Testimony l be Held Before Judge Wills.

e application for the hearing of proceedings in the writ of habeas us, State vs. Wm. M. Thomas, der, having been granted, the de- ant, Wm. M. Thomas, accom- ied by an officer and his attorneys, proceed to Starke this morning. re the hearing will be made before ge J. T. Wills, judge of the circuit rt for the Eighth Judicial Circuit.

This case is too well known to require y further explanation. It is well own that the defendant, on the fternoon of September 24th, at Bell, id kill with a shotgun one Maxie oofield, and that he was brought to Gainesville, given a preliminary hear- ing, and committed to jail without bond. It is for the purpose of having the defendant, who is now held as a prisoner, released upon a reasonable bond for his appearance at the next session of the circuit court, and it was for this purpose that the writ of habeas corpus has been asked.

Thomas is represented by Attorneys Thrasher, Carter and Haile, while the State has as its representative Joseph M. Rivers.

The writ is made returnable today, and the matter will again be gone through with before Judge Wills. This will be the third time, it is said, that the witnesses' testimony has been examined.

An Interesting Case.

One of the most interesting cases which has come up in the United States land office for some time was the contest case heard before Hon. Henry S. Chubb, receiver, Wednesday.

The complainant in the case was W. N. Camp, and the defendant Thos. W. Johnson. The complainant is at present and has been for some years an extensive phosphate miner, and his claim is based upon an allegation that the land in question, which is Mr. Johnson's homestead, is more valuable for mineral than for the agricultural purposes, hence the complainant makes his prayer.

The decision has been reserved.

ST. LOUIS DOCTORS IN CONTROVERSY

Different Opinions On Cooper's Remarkable Success.

MOUND CITY M. D's TALK

Some Are Inclined to Give Young Man Credit—Others Call Excitement He Has Created a Fad and Dub it Cooper-Mania.

St. Louis, Oct. 4.—The astonishing sale of Cooper's preparations in this city has now reached such immense figures that the medical fraternity at large have become forced into open discussion of the man and his preparations.

The physicians as a whole seem to be divided with regard to the young man's success in St. Louis—some being willing to credit him for what he has accomplished, while others assert that the interest he has aroused is but a passing fad which cannot last, and which will die out as quickly as it has sprung up.

The opinion of these two factions is very well voiced in the statements made recently by two of a number of physicians who were interviewed on the subject.

Dr. J. E. Carass, when questioned about the matter, said: "I have not been a believer in proprietary preparations heretofore, nor can I say that I believe in them at present, but I must admit that some of the facts recently brought to my notice concerning this man Cooper have gone far towards removing the prejudice I had formed against him when the unheard of demand for the preparations first sprang up in this city.

"Numbers of my patients whom I have treated for chronic liver, kidney and stomach troubles have met me after taking Cooper's remedies, and have stated positively that he has accomplished wonderful results for them. I notice particularly in cases of stomach trouble that the man has relieved several cases that were of years' standing and proved very obstinate in treatment.

"I am the last man on earth to stand in the way of anything that may prove for the public good simply through professional prejudice, and I am inclined to give Cooper and his preparations credit as deserving to some extent the popular demonstration that has been accorded them in this city."

Another well known physician who was seen, took the opposite view of the "Cooper-mania," as he called it, which now has this city in its grip. He said: "I can liken the present state of affairs to a certain kind of hallucination. For want of a better name I might call it 'Cooper-mania.' The people of St. Louis seem to be firm in the belief that this man Cooper has health corked up in a bottle.

"Some of them imagine that he has completely cured them of various ills, judging from their statements. It is beyond me to say why the city has gone crazy over the man. It may be safely put down, I think, to be one of the passing fads that so often attack the American public.

"Sooner or later the people are bound to regain their senses, and will then realize that a reputable physician is the one to whom their health had best be entrusted."

In the meantime Cooper meets several thousand people daily, and only smiles when statements of the above character are quoted to him. His charitable work still continues to be very extensive.

Marshal Chas. Pinkoson, always alert to duty, at a late hour Thursday afternoon succeeded in making a big "haul," arresting nine men whom he caught in a crap game in the vicinity of lower University street.

The names of the men arrested were Tom McFadden, Will Bell, Mack Street, H. Anderson, Mack Tisbey, Will Rowe, Thos. Hix, Will White and Charles Hill, all colored.

The men will be given a hearing in the mayor's court at 9 o'clock this morning.

FIRST FOOTBALL OF THE SEASON

Gainesville and University Teams After Today's Championship.

TEAMS ARE EVENLY MATCHED

University Boys Feel Confident That There Will be Something Doing, When the Gainesville Men Seem Confident That They Will "Be There."

The first game of football of the season will be pulled off at the baseball park today, when the boys of the University and the Gainesville team will compete for honors.

The University boys are in excellent condition, and feel confident that they will come out victorious. The Gainesville boys are equally confident that they will be the "cheese," with the result that there will be something doing in football.

The game will be called at 3 o'clock, and it is to be hoped that our people will turn out in full force.

The admission will be 25 cents, and the proceeds will go towards equipping the University atheletic association.

It is proposed to have frequent games between the University and the city teams during the coming season, which will give the University boys, who are determined to become the champions of Florida, good practice.

IN THE MAYOR'S COURT.

Two Men Arraigned for Assaulting Another With a Hatchet and Saw.

There was a most interesting session of the mayor's court Tuesday morning, which probably belonged to a justice's court, owing to the gravity of the offense upon which two men were arraigned.

Solomon Welch and Chas. Harrod, two negroes who are employed as drivers of the ice delivery wagons, were charged with having unmercifully assaulted and cut about the head one Hector Bennett, another colored man.

The evidence in the case went to show that Bennett, who was driving a single team, broke down in the middle of the road. He was overtaken by the two men driving the ice wagons, when he was commanded to clear the road. Bennett, it is stated, told the men that he could not move, as his wagon was broken down, and when he refused to "pull aside" the men got down and assaulted him.

It is claimed that Welch, with a dangerous-looking saw, jumped onto Bennett and cut him severely about the head, and that Harrod, armed with a substantial hatchet, was standing by and ready to render any aid necessary.

After the scuffle and the injury, it is stated that Bennett came to the city and had a warrant sworn out for the arrest of Welch and Harrod. They were released upon bond of their employer, but in the mayor's court they were fined the insignificant sum of $5 and costs, and were not willing to pay that, which they have not done, as they have taken an appeal through their attorney, Evans Haile, and have given bond for their appearance at the next session of the circuit court.

SUFFERED AGONIES FOR FOUR YEARS

Whole Foot Nothing But Proud Flesh —Tried Different Physicians and All Kinds of Ointments—Could Walk Only With Crutches—Ohio Man Says:

"CUTICURA REMEDIES THE BEST ON EARTH"

"In the year 1899 the side of my right foot was cut off from the little toe down to the heel, and the physician who had charge of me was trying to sew up the side of my foot, but with no success. When he found out that wouldn't work, he began trying to heal the wound with all kinds of ointment, until at last my whole foot and way up above my calf was nothing but proud flesh. I suffered untold agonies for four years, and tried different physicians and all kinds of ointments. I could walk only with crutches. It is sixteen months ago since I began using Cuticura Soap and Ointment for my limb and foot. The first two months the Cuticura Remedies did not seem to work, but I kept on using them both. In two weeks afterwards I saw a change in my limb. Then I began using Cuticura Soap and Ointment often during the day and kept it up for seven months, when my limb was healed up just the same as if I never had trouble.

"It is eight months now since I stopped using Cuticura Remedies, the best on God's earth. I am working at the present day, after five years of suffering. The cost of Cuticura Ointment and Soap was only $6; but the doctors' bills were more like $600. You can publish my name and refer any one to write to me about Cuticura Remedies. I will answer all letters if postage is enclosed. John M. Lloyd, 718 S. Arch Ave., Alliance, Ohio, June 27, 1905."

KIRBY SMITH CHAPTER

Will Tender Banquet to Confederate Veterans on November 9.

There was an interesting meeting of Kirby Smith Chapter, United Daughters of the Confederacy, at the home of the president, Mrs. John Chesnut, Thursday afternoon, which was well attended, and at which a great deal of business was transacted.

Among the most important business was the discussion of the coming reunion of the Confederate Veterans in this city, at which every camp in the State will be represented. This reunion will be held on November 8, 9 and 10. It will be a State reunion, and promises to be a big thing for Gainesville.

The ladies of Kirby Smith decided to hold a big reception to the Veterans on that occasion, which will be given on the evening of Friday, November 9, and at which all Veterans and Daughters are expected. The committee of arrangements will go to work with earnestness towards making this reception a grand success, and it is needless to add that they will be successful.

SPELLING REFORM.

The Phonetic Phenomena of the Word "Phenix."

They were talking about spelling reform and the idiosyncrasies of English spelling in general.

"There's that very word 'phonetic,'" said one of the men. "That's a sample of English spelling. The reformers call their system the 'phonetic system,' and yet they have to spell 'phonetic' with a 'pho' in order to let people know what they mean. The very word that means 'spelled as pronounced' is as far from it as possible."

"Now, now!" drawled his friend. "You're too hard on the good old English speller. You ought to be proud of 'phonetic.' Why, that word is so trimmed down and sawed off and cut short that I wouldn't know it was English if I met it alone on a blank page. You ought to thank the language for that word. It is a beautiful word. That 'pho' might have been spelled like 'dough' and the 'net' like 'ette' in 'rosette' and the 'ic' like 'liq' in 'liquor.' That would be a good old style English word—phoughnetteiq. But it is coming! Phonetic spelling is coming! Look at the word 'phenix.' It is spelled 'phenix' everywhere now, and I remember it always used to be 'phoenix.' That 'o' has gone. That shows"—

"Nothing!" said the objector. "What does it show? That the phenix is a bird. Isn't the phenix a bird? Yes! Well, that round thing you say was an 'o' was an egg. That's all. 'Twas just an egg, and the phenix laid the egg. That's all."—Success Magazine.

THE ESKIMO.

He Has No Master and Is Absolutely Independent.

There are no chieftains in the Eskimo community. They all regard themselves as free men, with an equal right to hunt, fish, sleep and eat. Everybody shifts for himself. He is absolutely and unconditionally independent. His only ambition is to be a good hunter and to rear sons who will inherit his skill with lance and harpoon. He has helped himself against the elements for centuries, and the white man descending on his shores ostensibly to confer the blessings of civilization has never been able to improve his condition, but only to detract from the old time happiness and advantages of the aboriginal Eskimo community. The natural helpfulness of the Eskimo is the basis of the socialistic state in which he lives. He will risk his life to save that of another, even his enemy. He will share the spoils of the hunt with his neighbors. If his neighbor dies and his wife is left alone with children he will provide for her until she marries again. He does not slander or tell tales; he does not abuse any one, and he does not fight. He is a man of peace. He loves peace for its own sake, and his life is one long, laborious attempt at happiness for himself and his people.—Chicago Chronicle.

An Ancient Recipe.

An ancient recipe for making a sweet perfume for the ladies runs as follows: Take storax, calamite and benjamin, of each half an ounce, laudanum one ounce, musk two grains, and put them together in a fair brass mortar, which you must first warm so hot in the fire that with the heat thereof and beating with a little pestle it may work like wax, which, being thoroughly wrought, you may make it in little cakes or balls and so lay it up.—Home Notes.

A Marine Fire Alarm.

Many ships have a pipe running from the hold to the deck. It is a precaution against fire. If even a trifling fire occurs in the hold smoke will ascend the pipe and upon issuing from the top will be noticed by some of the crew. Checking it would then be comparatively easy. In the absence of a pipe, though, a fire might begin and remain unnoticed until it assumed such proportions that conquering it would be almost impossible.

Bodged.

Rivers (stopping to sharpen his pencil)—How do you spell the plural of "dodo?" With or without the "s?" Brooks (who isn't quite sure)—You don't have to spell it. There's no such blamed bird now. It's extinct.—Chicago Tribune.

Something better always makes its appearance when the old and worn-out things fail.—Andersen.

A Most Worthy Article.

When an article has been on the market for years and gains friends every year, it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all pulmonary diseases. One of the best known merchants in Mobile, Ala., says: "For five years my family has not been troubled with the winter coughs. We owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." Sold by W. M. Johnson.

Fined For Using Pistol.

Rome, Ga., Oct. 4.—W. C. Adams was fined $25 Tuesday in police court, charged with disorderly conduct, and bound over to the higher court on the charge of carrying concealed weapons. Adams, it is alleged, went to the plant of the Rome Ice company and made the negro employes dance at the point of a pistol. One of the negroes was forced to leave his engine, thus likely to cause an explosion and seriously damage the plant.

MOTHER AND CHILD.

Let the mother take Scott's Emulsion for the two; it never fails to benefit them both. One can eat for two, but nourishing two is a different thing. It calls for a degree of internal strength that the average woman lacks. People of luxury are not very strong by habit; overworked people are weak in some functions from exhaustion or their surroundings. Scott's Emulsion can be depended upon to overcome such conditions. It is a wonderful food for a mother and child.

Murder Theory Unwarranted.

New York, Oct. 4.—Members of the family and business representatives of "Al" Adams, who was found dead Monday with a bullet wound in the head, declared that after a full and careful investigation they were of the belief that not a single fact warranted a theory or suspicion of murder. Information coming to them showed that Mr. Adams had given way to depression within the last week, although he had concealed that fact from his family and it was all due to the unfavorable turn taken by diabetes with which he had long been afflicted.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to, I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." J. W. McCollum & Co.

Women Attack Non-Unionists.

Wichita, Kan., Oct. 4.—Eleven women, wives of striking union linemen of the Missouri and Kansas Telephone company, attacked non-union linemen with clubs and stones Tuesday. The linemen and officials of the company fled. L. F. Duggan, district manager for the company, was struck several times by the women. One workman was knocked down. The women climbed a stockade in pursuit of the men and gave up the chase when the workmen were all behind closed doors in the telephone company's office.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. WE CAN AFFORD TO BE FAIR.

It is reported that in his Bronson speech, in answer to the question, "How about taxing land in one part of the State to drain another section?" Governor Broward replied that the constitutional amendment did not contemplate any such injustice. It is also reported that the Governor expressed his regret at not having a copy of the amendment with him, so as to have made his reply to his fellow citizen more complete.

We do not believe that Governor Broward thus misrepresented the matter. The constitutional amendment does contemplate the taxing of one section of the State for draining another. In fact, it contemplates and provides for all kinds of extravagant situations, and gives to the people of Florida no redress. Under the provisions of that amendment, were it to pass, the drainage commissioners, which are virtually the Governor and members of his cabinet, could levy taxes within a prescribed district in Escambia county in order to raise money for draining the Everglades, for it gives to the drainage commissioners the right to set aside any section of the State, or the whole State for that matter, and levy a tax not to exceed ten cents per annum per acre.

That is why there is such universal opposition to this amendment throughout the State. It takes from the people of Florida their rights and transfers them to a board of which the Governor of the State is at the head. There could be no appeal from the decision or action of this board. The Legislature would be powerless to represent the people of Florida in the matter, and the Governor and those of his cabinet who would be members of the board would levy the taxes, collect the money and disburse it, without the slightest right on the part of any delegated authority in this State to either supervise or restrict their actions.

If draining the Everglades is a good thing, why not have it accomplished in a business-like way? Why create a political machine which would be all-powerful. The Sun does not think that the people of Florida will vote to transfer their rights to a party of five or six men without placing some restrictions about them.

The proposed amendment places too much authority in the hands of a few. For this reason it is dangerous. A law of this character would be dangerous even if it came upon the statute books of the State by legislative enactment. But to incorporate such a law into the constitution is fraught with even more danger.

Secretary Taft states that he ascertained that the elections in Cuba were rotten to the core and were fraudulent throughout. Evidently but little time was required in arriving at that conclusion. If the elections which placed Estrada Palma again at the helm were as rotten as those conducted under the supervision of General Wood for members to the first Cuban Constitutional Convention, then they were hardly to be referred to as a farce. Cuba kept pace with the improved and modern methods of government taught the politicians of that island by the representatives of this country. Nothing more.

The farmer's hair may be bushy, his skin bronzed, but his eyes are clear, his digestion is like that of a three-year-old mule, his conscience is like the ether above his head, and his bank account is as fat as his favorite shoat. He is the most independent creature that wears the garb of a civilized man.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

A court martial ought to be called to try the President for dining with jackies. When the officers of the navy are doing all in their power to stamp all the pride and independence out of the marines, the President spoils it all by sitting down to dinner with them. To the naval officers it must have been a shocking breech of discipline. Of course all this is from the standpoint of military ethics.

Comptroller Ridgely says "except in sudden panics, there is no reasonable excuse for the failure of a bank or trust company." One need not be a financier to know that. What the public wants to know is a way to prevent failures with no excuse, other than the desire of some speculating crook to cop the coin.

This is the second time that the Roosevelt administration has gone on record as favoring rebellion. It gave its approval of the acts of the rebels in Panama, and Taft has just decreed that the rebels in Cuba were in the right, and brought the government of the United States to back them in their demands.

Boy Kills Half-Witted Man.

Columbus, Ga., Oct. 4.—Peter Rainey, a half-witted negro, was shot and instantly killed by Sandy Harvey, a 14-year-old negro boy, at the store of Charles Bedell, a negro, on lower Third avenue. The two had a quarrel, and the boy picked up a double-barrel shotgun and deliberately shot the other at close range, the load lodging in his head and neck.

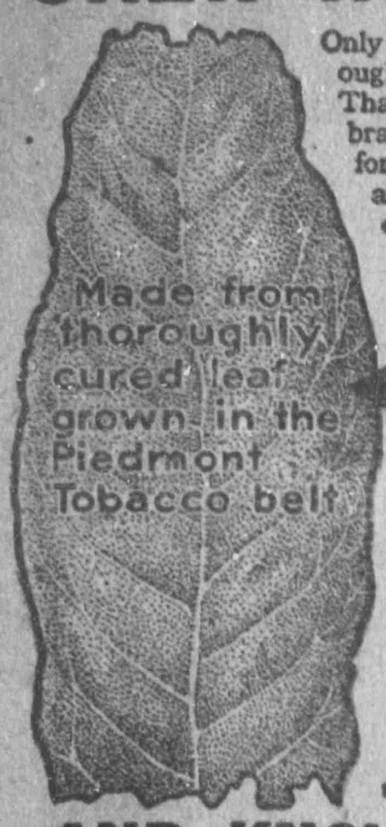
B. E. JOHNSON, Gainesville.

There is real pleasure in chewing the best tobacco grown where the best tobacco grows—in the famous Piedmont country

CHEW WHAT YOU KNOW ABOUT



Only choice selections of this well matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and other of the Reynolds' brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Schnapps

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

AND KNOW WHAT YOU ARE CHEWING

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the larger 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

Sold at 50c. per pound in 5c. cuts. Strictly 10c. and 15c. plugs.

Four Killed by Blast.

Baltimore, Oct. 4.—Four men were killed and eight others injured, two perhaps fatally, in an accident at the works of the Maryland Steel company at Sparrows Point Wednesday. Three of the dead are negroes. The victims were overwhelmed by a rush of flaming gas and coke from a hole in one of the blast furnaces caused by the forcing out of its socket of a casting which holds the compressed air pipe. The men had just put in a new air pipe and the blast had been turned on about 10 minutes when the accident occurred.

Napoleon Bonaparte

Showed at the battle of Austerlitz he was the greatest leader in the world. Ballard's Snow Liniment has shown the public it is the best liniment in the world. A quick cure for rheumatism, sprains, burns, cuts, etc. A. C. Pitts, Rodessa, La., says: "I use Ballard's Snow Liniment in my family and find it unexcelled for sore chest, headache, corns—in fact for anything that can be reached by a liniment." Sold by W. M. Johnson.

The S. J. Thomas Co.

Gainesville, Florida.

S. T. and R. R. Thomas of Gordon and D. V. Maines of Montecchia were trading in the city yesterday.

Mrs. Evans Haile has returned from a delightful outing spent with relatives and friends in West Virginia.

Mrs. W. L. LeGrande and children have returned from Sparks, Ga., where they have been on an extended visit to relatives.

Judge Syd L. Carter returned yesterday from Perry, Mayo and other points in West Florida, where he was called on professional business.

Sheriff L. W. Fennell returned yesterday from Bronson, where he went to attend the marriage of his friend, Sheriff Walker, to Miss Davis, on Wednesday evening.

Dr. Geo. S. Means of McIntosh was in the city for a few hours yesterday. Dr. Means has been ill for some time, and was en route to Atlanta, Ga., for special medical treatment.

The home of S. M. Mixson, South University street, has been materially improved by an addition of a couple of rooms, after which the building will be treated to a new coat of paint. When completed it will be one of the most desirable homes in that section.

Mrs. Rachael Haile's friends are delighted to see her home again, after a delightful visit to her daughter, Mrs. Metz. She reports a "fine time," and judging from her healthy appearance, her acquaintances believe that she had it. She reports Mrs. Metz enjoying fine health.

Mr. and Mrs. Alfred Warden, formerly of Michigan but more recently of Jacksonville, have arrived in the city, and are looking for a cottage preparatory to making their future home here. Mr. Warden is the traveling auditor of the Cummer Lumber Company. Himself and family will be gladly welcomed here as residents.

It is with pleasure I announce the arrival of Mr. R. O. Eagle. Mr. Eagle is a thorough, practical piano man, having learned his trade in the great factory of Knabe Co., and Chas. Steiff, Baltimore. Mr. Eagle will be associated with me, having charge of the tuning department. Any tuning entrusted to his care will be guaranteed to give perfect satisfaction. A. E. HARRIS.

Mrs. Andrews and son of St. Louis are here on a visit to Mr. and Mrs. B. F. Dawkins. Mrs. Andrews was formerly Miss Jeffords of this city, and her numerous friends here will be delighted to welcome her again.

J. W. Means of McIntosh, a prominent young trucker of that section, was in the city yesterday. Mr. Means reports the recent arrival of a fine boy at his home, and inasmuch as this is the first-born, young married people especially will feel like congratulating him.

O. D. Huff of Evinston was in the city yesterday. He is one of the progressive truckers of that section, and says that rain is badly needed just now. The people of this and the northern sections of the county could very easily afford to "divide up" the sky-juice, when both sections would be better off.

Prof. Jules Eichelberger desires to let the public and his friends in particular know that he has finally severed his connection with Mr. A. R. Harper as tuner and will tune on his own account. He respectfully refers to Messrs. Ludden & Bates, Savannah, Ga., and Ludden-Campbell-Smith Co., Jacksonville, Fla.

Among the prominent visitors to Gainesville yesterday was S. G. Bouis of Jacksonville. H. Earl Bouis, a son of Mr. Bouis, is here attending the University. He is a bright young man, and is making many friends. Arthur Albertson of Jacksonville is another prominent young man who has become a student of the University.

The young people of the city enjoyed an informal hop at the Armory Wednesday evening, music for the occasion being furnished by the "unbleached orchestra." There were several couples present, and the occasion passed in a manner befitting. These informal hops are a great inspiration to the young people, and are always enjoyed to the fullest extent.

C. W. Morse, president, and H. L. Crawford, a large stockholder in the Gainesville Electric Light and Power Company, after a brief visit here in the interest of that company, have returned to their respective homes in Haverhill' Mass., and New York. These gentlemen are well pleased with the rapid development of Gainesville, which they declare is "going ahead" more rapidly than any city of its size in the South of which they have any knowledge—and they are extensively interested in many.

PHIFER'S CORNER,

GAINESVILLE, FLA.

THE REASON

Why W. M. Johnson Continues to Recommend Vinol.

First: Because it is not a patent medicine and it contains besides tonic iron all of the medicinal curative elements of cod liver oil actually taken from fresh cods' livers, but without a drop of oil to nauseate and upset the stomach and retard its work; therefore, whenever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good.

Second: Because Vinol acts first upon the stomach, creates a healthy appetite, strengthens and tones up the digestive organs, purifies and enriches the blood, and, in a natural manner, restores health and strength.

Third: Because Vinol contains no injurious drugs to react upon the system; every ingredient being named on the label, a patient knows exactly what he is taking.

Fourth: Because we never sold anything in our store that gave such universal satisfaction for old people, weak, sickly women and children, nursing mothers, and to build up the system after a severe sickness, and for relieving hacking coughs, chronic colds, bronchitis and all throat and lung troubles.

Try Vinol on our guarantee.—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

After an absence of three months or more in Virginia, during which time they spent their time at Mr. Patton's old home, Timber Ridge, J. W. Patton and family have returned to this city, and are again at home to their friends on North Prairie avenue, East Gainesville. They are looking well, and this is evidence that the sojourn, physically, was a great benefit to them.

There was an interesting meeting of the P. O. S. of A. Wednesday evening, which was largely attended, and at which two or three candidates were initiated into the mysteries of the order. The order has been somewhat dormant for the past few months, but is picking up new life and energy, and is destined in a short time to regain its prestige.

The S. J. Thomas Co.

Gainesville, Florida.

S. T. and R. R. Thomas of Gordon and D. V. Maines of Monteocha were trading in the city yesterday.

Mrs. Evans Haile has returned from a delightful outing spent with relatives and friends in West Virginia.

Mrs. W. L. LeGrande and children have returned from Sparks, Ga., where they have been on an extended visit to relatives.

Judge Syd L. Carter returned yesterday from Perry, Mayo and other points in West Florida, where he was called on professional business.

Sheriff L. W. Fennell returned yesterday from Bronson, where he went to attend the marriage of his friend, Sheriff Walker, to Miss Davis, on Wednesday evening.

Dr. Geo. S. Means of McIntosh was in the city for a few hours yesterday. Dr. Means has been ill for some time, and was en route to Atlanta, Ga., for special medical treatment.

The home of S. M. Mixson, South University street, has been materially improved by an addition of a couple of rooms, after which the building will be treated to a new coat of paint. When completed it will be one of the most desirable homes in that section.

Mrs. Rachael Haile's friends are delighted to see her home again, after a delightful visit to her daughter, Mrs. Metz. She reports a "fine time," and judging from her healthy appearance, her acquaintances believe that she had it. She reports Mrs. Metz enjoying fine health.

Mr. and Mrs. Alfred Warden, formerly of Michigan but more recently of Jacksonville, have arrived in the city, and are looking for a cottage preparatory to making their future home here. Mr. Warden is the traveling auditor of the Cummer Lumber Company. Himself and family will be gladly welcomed here as residents.

It is with pleasure I announce the arrival of Mr. R. O. Eagle. Mr. Eagle is a thorough, practical piano man, having learned his trade in the great factory of Knabe Co., and Chas. Steiff, Baltimore. Mr. Eagle will be associated with me, having charge of the tuning department. Any tuning entrusted to his care will be guaranteed to give perfect satisfaction. A. R. Harris.

Mrs. Andrews and son of St. Louis are here on a visit to Mr. and Mrs. B. F. Dawkins. Mrs. Andrews was formerly Miss Jeffords of this city, and her numerous friends here will be delighted to welcome her again.

J. W. Means of McIntosh, a prominent young trucker of that section, was in the city yesterday. Mr. Means reports the recent arrival of a fine boy at his home, and inasmuch as this is the first-born, young married people especially will feel like congratulating him.

O. D. Huffer of Evinston was in the city yesterday. He is one of the progressive truckers of that section, and says that rain is badly needed just now. The people of this and the northern sections of the county could very easily afford to "divide up" the sky-juice, when both sections would be better off.

Prof. Jules Eichelberger desires to let the public and his friends in particular know that he has finally severed his connection with Mr. A. R. Harper as tuner and will tune on his own account. He respectfully refers to Messrs. Ludden & Bates, Savannah, Ga., and Ludden-Campbell-Smith Co., Jacksonville, Fla.

Among the prominent visitors to Gainesville yesterday was S. G. Bouis of Jacksonville. H. Earl Bouis, a son of Mr. Bouis, is here attending the University. He is a bright young man, and is making many friends. Arthur Albertson of Jacksonville is another prominent young man who has become a student of the University.

The young people of the city enjoyed an informal hop at the Armory Wednesday evening, music for the occasion being furnished by the "unbleached orchestra." There were several couples present, and the occasion passed in a manner befitting. These informal hops are a great inspiration to the young people, and are always enjoyed to the fullest extent.

C. W. Morse, president, and H. L. Crawford, a large stockholder in the Gainesville Electric Light and Power Company, after a brief visit here in the interest of that company, have returned to their respective homes in Haverhill' Mass., and New York. These gentlemen are well pleased with the rapid development of Gainesville, which they declare is "going ahead" more rapidly than any city of its size in the South of which they have any knowledge—and they are extensively interested in many.

PHIFER BROS.

PHIFER'S CORNER,

GAINESVILLE, FLA.

THE REASON

Why W. M. Johnson Continues to Recommend Vinol.

First: Because it is not a patent medicine and it contains besides tonic iron all of the medicinal curative elements of cod liver oil actually taken from fresh cods' livers, but without a drop of oil to nauseate and upset the stomach and retard its work; therefore, whenever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good.

Second: Because Vinol acts first upon the stomach, creates a healthy appetite, strengthens and tones up the digestive organs, purifies and enriches the blood, and, in a natural manner, restores health and strength.

Third: Because Vinol contains no injurious drugs to react upon the system; every ingredient being named on the label, a patient knows exactly what he is taking.

Fourth: Because we never sold anything in our store that gave such universal satisfaction for old people, weak, sickly women and children, nursing mothers, and to build up the system after a severe sickness, and for relieving hacking coughs, chronic colds, bronchitis and all throat and lung troubles.

Try Vinol on our guarantee.—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.
